

Install STM32Cube MP1 package

Stable: 09.10.2019 - 16:02 / Revision: 09.10.2019 - 15:50

1 Overview

This stage explains how to install the STM32Cube MP1 Package.

2 Install STM32Cube MP1 package

2.1 For ecosystem release v1.1.0 i

STM32CubeMP1 Package v1.1.0 to the following directory:

\$HOME/STM32MPU_workspace/STM32MP15-Ecosystem-v1.1.0/Developer-Package

- Uncompress the archive file to get the STM32CubeMP1 Package

```
PC $> unzip en.stm32cubemp1_v1-1-0.zip
```

2.2 For ecosystem release v1.0.0 i

- Download [STM32CubeMP1 Package v1.0.0](#) to the following directory:

\$HOME/STM32MPU_workspace/STM32MP15-Ecosystem-v1.0.0/Developer-Package

- Uncompress the archive file to get the STM32CubeMP1 Package

```
PC $> unzip en.stm32cubemp1_v1-0-0.zip
```

3 STM32Cube MP1 package structure

3.1 For ecosystem release v1.1.0 i

The STM32Cube MP1 Package is located in your **\$HOME/STM32MPU_workspace/STM32MP15-Ecosystem-v1.1.0/Developer-Package** directory and is named *STM32Cube_FW_MP1_V1.1.0*:

```
STM32Cube_FW_MP1_V1.1.0
├── Drivers
│   ├── BSP
│   │   └── [...]
│   ├── CMSIS
│   │   └── [...]
│   └── STM32MP1xx_HAL_Driver
│       └── [...]
└── [...]
```

BSP drivers for the supported STM32MP1 boards

HAL drivers for the supported STM32MP1 devices
