

Welcome

Welcome

Welcome to the STM32 Arm®Cortex®-based MPUs user guide!

This user guide aims at assisting developers to use STM32 MPUs microprocessor devices from STMicroelectronics, starting with the **STM32MP1 series**.^[1]

It contains many articles to discover the **STM32MP1 series** and associated **ecosystems** (STM32 boards, embedded software, development tools, trace & debug tools...).

NEW The **STM32MP15 ecosystem release v3.0.0** is the new major release dedicated to STM32MP15 lines. This release is the first major release of the **eco system-v3 release** flow.

Discover all the new features described in the [STM32MP15 ecosystem release note](#) or jump in using the [Getting started zone](#).

If you are looking for software information related to the previous **STM32MP15 ecosystem-v2**, you can jump to the [stm32mpu-ecosystem-v2 archived wiki](#).

Browse through the following pages to find the resources you need

Getting started

Discover our boards and the ecosystem around our STM32 Arm Cortex-based MPUs, step by step

Development zone

Over 600 updated articles on the STM32 Arm Cortex-based MPUs.

You can report errors or ask questions related to **STM32 MPU platforms** by contacting the [ST Support Center](#)

Chrome and Firefox browsers are recommended.
