1 Usage

The *Android* template is used to store, in a page, information that is related to the Android™ distribution.

It puts a message box with a "green Android" icon in the page, adds this page to the *Android* category.

Usage: `{{Android | <message>}}`

Where *<message>* is the optional information related to the Android™ distribution. If this parameter is not set, the default message is "Below information is related to the Android™ distribution".
