1 Usage

gst-play-1.0 {{av_ref_file}}

2 Example

```
gst-play-1.0 /usr/local/demo/media/ST2297_visionv3.webm
```

3 File origin

https://github.com/STMicroelectronics/meta-st-openstlinux/blob/thud/recipes-samples/demo/demo-launcher/media/ST2297_visionv3.webm?raw=true

4 Credits

Terms of Use

5 Download this file

It requires an Internet connection, for example by plugging an Ethernet cable on

- the STM32MP157C-EV1 Evaluation board CN3 Ethernet connector
- the STM32MP157X-DKX Discovery kit CN8 Ethernet connector

```
Board $> cd /home/root;wget https://github.com/STMicroelectronics/meta-st-openstlinux/blob
```

6 Code

/usr/local/demo/media/ST2297_visionv3.webm
