1 Usage

The Green template is used to color text in pages, with the "classic green" () color.

Usage: `{{Green|<text to color>}}`

Where `<text to color>` is the text to format in green. If this template is called with no text, the hexadecimal code of the color is returned.

Prefer the STMicroelectronics brand colors.

2 Basic examples

You type	You get
Coloring text in "classic" green <pre>This is a {{Green "classic" color: green: ■}}</pre>	This is a "classic" color: green:
