## 1 Usage

The InternalInfo template is used to store, in a page, information that are restricted to STMicroelectronics employees (and therefore useless for any other reader): configurations specific to the STMicroelectronics network, links to internal resources (e.g. video files) etc.

It puts a message box with a "dark blue be.ST" icon in the page.

**Only logged-in users who have writing permissions, can see this box. However, do not put any confidential information in the parameters of this template.**

```
Usage: {{InternalInfo | <message>}}
```

Where **<message>** is the **mandatory** internal info message.
